## CIRCULAR NO: 22/81

The start was

Sub: DES - Sales - Delay in resale of confiscated produce certain instructions - Issued.

1.According to common sale notice condition No.27(ii) applicable to firewood the highest bidder should lift the naterial within (60) days from the date of confirmation of sale. The Contractors have to abide to this clause and should make their own arrangements to lift the purchased material within 60 days as no extention is contemplated in the sale notice corditions.

2.It is observed that the Divisional Forest Officers are not confiscating the leftover naterial sconafter the are not confiscating the leftover material sconafter the period allowed for lifting of material is over and to resell immediately. Instead some cases are being recommended to grant extension of time though they are well aware that there is no such provision in the sale notice conditions and grant of extension for fuelwood at the coupe site lead to malpractices and is against the very policy of D.E.T. In order to avoid rich for trial by the Contractor to get extension the Divisional Forest Officers should see that the left over fuelwood at coupe site is confiscated, so mafter the time allowed for lifting the material is over and resell it immediately.

The receipt of this Circular may please be acknowledged.
