Office of the Prl.Chief Conservator
of Forests, Andhra Pradesh-Hyderabad

Sri T.Krishna Murthy, IFS.,
Prl.Chief Conservator of Forests

-:-

CIRCULAR NO. 3/86

- .. M.V. - Purchase of Tyres and tubes for Govt.lorries/
Jeeps - Nature of disposal of the condemned tyres -
certain circular instructions issued - reg.

@@@

It is noticed that there are No.of proposals received in this office with regards to purchase of New Tyres and Tubes to Govt. Lorries/Jeeps in large numbers from various Divisional Forest Officers of the department stating the reasons that the tyres were wornout and not useful for further use and that Departmental extraction works are to be taken-up etc. It is not known whether the Divisional Forest Officers are satisfying themselves that the tyres so proposed for replacement are not useful for further use. It is also not known what method or norm is being followed by them in coming to these conclusion before submitting proposals. Further the Conservator of Forests/Divisional Forest Officers are not indicating the nature of disposal of the replaced Tyres neither in their report nor in the Questionnaire Form. A detailed report should be sent in this regard by the Divisional Forest Officer through Conservator of Forests concerned.

The Conservator of Forests/Divisional Forest Officers are instructed to dispose of the condemned Tyres in the public auction and remit the amount fetched towards the sale of the Tyres in the Treasury/Bank immediately after condemnation of the Tyres. Further, they are instructed to invariably indicate this information in the Questionnaire form as against column No.14. They are also requested to incorporate the following information in column 14 in the Questionnaire Form and furnish the information in future.

- 14- Nature of disposal of the old condemned tyres proposed for replacement: 1) No.of tyres/tubes replaced to-date from date of purchase.
- ii) Nos.of tyres disposed in public auction and the amount fetched towards the sale and date of remittance of the amount in the Treasury/Bank.

The Conservator of Forests/Divisional Forest Officers are requested to note that the proposals received from them for purchase of tyres and tubes shall be processed only if the information of column-14 is furnished with the Questionnaire Form.

These circular instructions should be strictly adhered to in future.

Receipt should be acknowledged.

Sd/- Pushp Kumar,
Addl.Chief Conservator of Forests(WL)
