CIRCULAR 19/87

Sub: FOREST DEPARTMENT - Settlement of Forest Blocks
by the F.S.Os. - providing vehicles instru-
ctions - Reg.

-:-

It has been brought to notice that the Forest settlement Officers have been finding it difficult often to secure vehicles from the Divisional Forest Officers concerned to conduct inspections connected to settlement work. Since the department is interested to provide necessary facilities to the Forest Settlement Officer and see that the settlement work on hand is completed as early as possible, all the Conservators of Forests are requested to arrange vehicles to the Forest Settlement Officers whenever there is request from them and see that there shall be no occasion for the Forest Settlement Officer to cancel or postpone his tour for want of a vehicle.

The Conservators of Forests will please issue necessary instructions to the Divisional Forest Officers in their respective circles for compliance duly marking a copy of the instructions to this office also.
