Forest Department

Ref.No. 13191/92-J3
Dated: 26-3-92.

Office of the Prl. Chief
Conservator of Forests.
Aryana Bhavan, A.P.,
Hyderabad - 500 004.

Dr. K. Kesava Reddy, I.F.S.,
Prl. Chief Conservator of Forests.

CIRCULAR NO. 1/92

Sub:- Forest Department-F.S.R. for Forest works
certain F.S.R. rates on Industrial cuts -
revision extension- requested- Regarding.

Ref:- Prl. C.C.F. Circular No. 10/87 communicated
through ref. No. 20814/87-J4 dt. 10-7-87.

* * *

In continuation of the circular instructions cited it is informed that difficulty is being experienced by the Department due to annual revisions of Forest Schedule of Rates for Bamboo industrial cuts (high and dry) along with other items of F.S.R. in December/January every year and as such it is proposed to retain one rate in any one year in force for extraction of Industrial cuts as well as long bam-boos in consonance with the lease year or working period of bamboo coupes i.e. first October to 30th June as this course of action would facilitate booking of uniform rate of expenditure as well as seeking re-imbursement charges from the mills in case of supply of Industrial (high and dry) cuts.

In partial modification to the instructions issued in the circular cited, the Conservators of Forests requested to group all the items of Forest Schedule of rates relating to the operations of long bamboo and (high and dry) industrial cuts etc. into a separate section in the circle F.S.R. and effect here after annual revision in consonance with the bamboo lease year or working period of bamboo coupes i.e. from 1st October to 30th June every year. These instructions will take immediate effect. If the rates are already revised for 1992-93, next revision may be taken up after 30.6.1993 so far as these items are concerned.
