It has been decided to review all cases pertaining to misappropriation and Government Losses during the Conservators of Forests meeting to be held on 17-8-1998 and 18-8-1998. All the Conservators of Forests are requested to send cases of misappropriation and Government losses by 15-8-1998 to the Chief Conservator of Forests (Vigilance) in the following proforma:

Sl. No	Name of the person(s) with designation	Brief description of the case	The date on which it was first reported	File No. in which it is being dealt		Present stage of the case	Reasons for delay in final disposal	Remarks

The Government and the Accountant General is taking the delay in cases involving misappropriation and Government losses very seriously. The Chief Secretary himself has kept a meeting to review the position of each Department. Very shortly the Public Accounts Committee is going to deliberate on the misappropriation cases. The Department is put to very embarrassing situation when cases are kept pending years together. It is, therefore, necessary to discuss this issue with the Conservators of Forests and find a methodology to cut down the delay and for taking timely action on all matters of Government losses.

Conservators of Forests are therefore requested to come prepared for discussion giving full justification for the cases in which inordinate delays have occurred. It may be advisable to the Conservators of Forests to discuss this matter with their Divisional Forest Officers before coming for the meeting.
